Dear Commissioner Schwinn:

I have reviewed the data collected by Moms for Liberty and I agree with them that the Wit and Wisdom curriculum is harmful to our children. Governor Lee and members of the legislature of both parties would be appalled if they could see the full range of dangerous ideas and theories being presented to our children. The Moms for Liberty complaint focused mostly on CRT; however, their research has uncovered other indoctrinations that go beyond the pale of decency and good judgment. I hope you will support a refiling of the brief. In the meantime, I hope parents will organize and educate the legislator and policymakers about the other dangerous and inappropriate ideas in the curriculum.

Best Wishes,

Carol

Dear Dr. Schwinn,

Wisdom ELA Curriculum, specifically Grade 2 Module 3, currently being taught in Williamson County Schools and 32 other Tennessee counties.

Please anticipate a re-filing of this complaint, and I sincerely hope this time, you will judge it on the merits, rather than dismiss it on a technicality. Tennessee children deserve no less.

Additionally, Williamson County Schools have deemed this curriculum to not violate Anti-CRT laws, per yesterday's release of their 4.403 Committee results. Thus expect the complaint to be filed directly to the DOE.

Our findings are detailed at www.MomsforLibertyWC.org/library.

Sincerely,

Robin Steenman, Chair

Dear Dr. Schwinn,

Please find attached my response to your Nov 23rd rejection (attached) of my Jun 30th complaint (also attached) filed under Tenn. Code Ann. § 49-6-1019, better known as the “Anti-CRT Law,” in reference to Great Minds PBC Wit & Wisdom ELA Curriculum, specifically Grade 2 Module 3, currently being taught in Williamson County Schools and 32 other Tennessee counties.

Please anticipate a re-filing of this complaint, and I sincerely hope this time, you will judge it on the merits, rather than dismiss it on a technicality. Tennessee children deserve no less.
