As a concerned citizen of Williamson County, I was upset to hear that the school board voted to spend \$55,000 of our taxpayers' money to fund Fostering Healthy Solutions to address diversity, equity and inclusion in our school system. I am also extremely distressed to hear that the teaching of critical race theory has become an issue in Williamson County Public Schools. I am writing to ask that the board vote unanimously to stop funding this consulting group and to ban the teaching of critical race theory. I will be watching your actions closely and actively participating with Moms for Liberty to ensure that board members represent their constituents.

Sincerely,
Thomas Powers M.D
