Dear Superintendent Golden:

As a homeowner, citizen and parent I thank you for attending DEI - Diversity, Equality and Inclusion. It's so important for leadership to take the initiative to learn more and provide a good example to our kids, parents and community. I know you are getting backlash. I know there are those who will criticize your participation. I want to thank you for showing courage and a willingness to learn. Williamson County is a great community and all who live here should feel as though they are heard and feel welcome. Having leaders who want more inclusion is a great step towards a better community. Thank you for all you and our schools do for our kids and community.

Sincerely

Kristina Gray Counts
