Good afternoon,

Thank you for participating in Williamson Inc.'s first Leadership DEI cohort. Your industry experience and feedback about this program are vital as we aim to provide value to our investors and thought leadership in the realm of diversity, equity and inclusion in the Williamson County business community. We are grateful for our partnership with People3. You can read more about their work here.

We are actively recruiting for our second cohort of Leadership DEI. If someone within your organization would benefit from participating, please let me know.

Thank you,

Anna Lisa Roberts
