Subject: FHS report : Cultural Strategic Plan

WARNING: EXTERNAL EMAIL - THIS EMAIL DID NOT ORIGINATE FROM WCS

Good afternoon. I have been reading over FHS' final report that Mr. Golden presented to the School Board. I noticed under the Recommendations section it states:

6. Diversity, Equity, and Inclusion

b. Implement the cultural strategic plan provided, which was created with the assistance of WCS leaders, teachers, and students.

I cannot seem to find the aforementioned Cultural Strategic Plan among the FHS final report document in the School Board Meeting Agenda. Can you please let me know How I can access the Cultural Strategic Plan created by FHS and WCS to review it?

Thank you for your assistance with this.

Thank you,
Lori Wagner

J & D-

This is pretty expensive, but do yall want to consider this? Maybe there is Title II \$\$\$?

WARNING: EXTERNAL EMAIL - THIS EMAIL DID NOT ORIGINATE FROM WCS

Dear Jason,

My name is Francesca Dutra Africano and I am reaching out on behalf of New Leaders – the national standard-bearer in leadership development training – to share some exciting news!

We have partnered with Morehouse College and a second (soon to be named [REDACTED]) preeminent historically black college and university (HBCU) to launch the National Aspiring Principals Fellowship – the most distinguished principal preparation program for leaders of color in the nation.

For the past 20 years, New Leaders has successfully produced the most highly-qualified principals in the country. Now, in partnership with our two university partners, we are able to democratize access to our nationally renowned and research-validated leadership development program through a transformative online experience designed by and for educators of color.

You are receiving this email because Williamson County Schools has been a beacon of courageous leadership when it comes to the importance of cultivating and supporting diversity at all levels of a school system and we would love to have a conversation with you about sponsoring a cohort of leaders from your district to join our inaugural class for the Fellowship.

Each educator from your district that successfully completes the Fellowship will be eligible to receive their school administrator certificate in the state of Tennessee and progress into a leadership position in Williamson County Schools prepared to lead with equity and lead for results.

We have long known that districts who invest in increasing the diversification of their principal pipelines experience improved teacher and principal retention rates, improved student attendance rates, improved student outcomes, more equitable school cultures, and a decrease in the opportunity gap for Black and Brown students. Now, through the National Aspiring Principals Fellowship, we are partnering with districts like Williamson County to help you scale your efforts to advance equity and accelerate bold changes for your schools, your students, and your community.

In celebration of our inaugural Fellowship cohort and New Leaders' 20th anniversary, we will be offering a \$15,000 scholarship and reducing the cost that Williamson County has to pay to \$10,000 per Fellowship participant (a 60% discount from the standard Fellowship tuition of \$25,000). This unprecedented scholarship opportunity is only available to a limited number of district partners over the first few weeks of our launch announcements.

If you would be interested in learning more about how Williamson County can participate in the historic launch of the National Aspiring Principals Fellowship, we would love to have a conversation with you and your team. Please let us know a few times that work for you and I will get a meeting on the calendar. In the meantime, please don't hesitate to reach out with any questions.

I look forward to hearing from you!

Francesca
