Greetings,

In preparation for the 2020-21 Civil Rights Data Collection (CRDC), the system will open for Registration on Monday, October 4th, 2021! See below for more information.

What is the CRDC?

The CRDC is administered by the Department of Education's Office for Civil Rights (OCR) and collects data on key education and civil rights to measure factors that impact education equity and opportunity for students, including student access to courses, programs, resources, instructional and other staff — and school climate factors, such as student discipline.

The CRDC is **federally mandated, and every public school district in the 50 states, Washington, D.C., and Puerto Rico is required to submit data for its organization and on behalf of its public schools. This includes all state-operated facilities for the deaf and blind, charter schools, and all educational programs at juvenile justice agencies.** *OCR has authority under section 203(c)(1) of the Department of Education Organization Act (20 U.S.C. 3413(c)(1)), and the regulations implementing several of the civil rights statutes that it implements, to collect data that are necessary to ensure compliance with civil rights laws*

within the jurisdiction of OCR.

What is Registration?

The Registration process allows local education agencies (LEA) to update contact information and its schools in preparation for the 2020-21 CRDC. LEAs will be provided with a list of schools to review and update as needed. The information collected during this process helps OCR finalize the LEA and school directory for the 2020-21 CRDC data submission system. Registration will be open from Monday, October 4th – Friday, November 5th, 2021.

Next steps?

Next week, an email including account login instructions will be sent to all superintendents, principal contacts, and alternate contacts. Specific instructions for accessing the system and completing the Registration process will be included in next week's email.

Please take a few minutes to log in to your account and review your LEA's information.

The CRDC data submission system will open on December 13th, 2021 for LEAs to submit the required information.
