Subject: RE: Reminders, questions

Thanks. I talked to Dan today for about 45 minutes. At the moment, he's more interested in the special called meeting issues that are on Tuesday's agenda. Our team had also mentioned Dan's diversity question a few hours before I talked to him. Vickie is going to give the Board an email with staffing information.

I'll get Gary on the last two and am cc'ing him. I have heard of two students hospitalized since the start of the school year. Some parents of students and spouses of staff members, but we might not hear of particular people. We did hear this week that the College Grove PTO President passed away from a COVID-related illness. Gary likely has better information.

Subject: Reminders, questions

Jason--

Dana and I had our Policy Committee prep call today, and it reminded me of a few things that may already be on your radar.

1. Dan's request for us to consider a screen time policy. At last policy meeting, this was teed up for some additional research by staff. Jay also expressed his concerns on the amount of screen time required of students.
- 2.
3. In the retreat, Dan requested a current report on the diversity of WCS staff.
- 4.
5. A new inquiry from me: without going into any specifics, are we aware of any current staff or students who are hospitalized due to Covid?
- 6.
7. Also new: with the advent of cooler weather, is there more mitigation we can encourage with outdoor classes and opening classroom windows?

Thanks,

K. C.
