Subject: Install NO TRESPASSING signs and be prepared to file charges on violators

WARNING: EXTERNAL EMAIL - THIS EMAIL DID NOT ORIGINATE FROM WCS

Regarding: Moms for Liberty passing out flyers on school property

All schools should have NO TRESPASSING signs with appropriate wording that serves as LEGAL NOTICE that the SIGN itself is their warning. Anyone without a child at the school or without express prior permission, is a trespasser and should be arrested.

Bottom line here is safety. We live in a world of active shooter drills.

DON'T LET this set precedent for our schools turning into a circus. It was bad enough all the trucks with signage parading school pick up lines. You let that go.

Swift action is needed NOW. I hope to see signs at every school when kids return in January.

I am a 20 year Williamson County resident and former WCS and MNPD teacher. I left MNPD after following a gunman into my school, after school hours, and gathering all the kids outside into a lockdown room inside.

Thank you
