Subject: Disruption in Education - The Disruption Certification from MindSpark

WARNING: EXTERNAL EMAIL - THIS EMAIL DID NOT ORIGINATE FROM WCS

Good Afternoon! Recently we reached out about the Disruption Certification, D-Cert, which we designed to renovate the global education system. Schools and districts alike can receive a certification in one, or all four preeminent leverage points for education: inclusion, innovation, wellbeing, and workforce.

How Do I Start?

To get started with our D-Cert, a school or district leader will complete the **ed/quotient** to assess where your organization falls in the four different dimensions. Then, you will get one-on-one consultation time with our design team to identify your greatest levers of change.

How Will the D-Cert Transform Education?

D-Cert's robust, peer-to-peer network will fuel a collective vision, amplify the voices of the strongest education leaders, and drive enduring prosperity for our society. It will put intelligence into practice by upskilling and uplifting educators across the globe—changing mindsets and behaviors about what it means to lead and learn. Your school and/or district will engage in meaningful practices to ensure you meet

criteria for each dimension through evidence based standards that will positively impact your community, staff, families, and students.

Please let me know if you have any questions about the D-Cert!
