Mrs. Hardy,
Thank you for copying me on this message to Mr. Golden. As you know, I am looking into the issues you have brought to our attention regarding GMS administration. Have there been new events that have occurred that I need to add to my list to review? Our goal is to address the specific concerns that you have.

Leigh Webb, Ed.D.
Assistant Superintendent, Secondary Schools

Subject: Direct ServicesTo and Open Communication With

Mr. Golden,
The needs of my 12 year child cannot be met, without respectful open communication with, participation from, and my inclusion. Twelve year old kids do not raise themselves and any communication style or system that is in conflict with that reality, will not be accepted.
Mr. Drinkwine and many in the Williamson County School System, seem to be operating under the delusion that they can somehow separate the needs of my child and my need to support my child. Since that separation doesn't really exist, except in the minds of people who don't mind using a 12 year old child as a pawn, that separation will never be acceptable to me, because it's unacceptable! When there is a realization that my 12 year old child is not an adult and is not responsible for himself, and there is a system of communication that reflects and honors that fact, we can begin to move in the right direction.
As long as the direct services to my son includes respectful and open communication with me...we are moving in the right direction.
Thank you.
Althea Hardy
