Nancy, FYI just for you and Gary as Board Members at this point because things may change in MNPS and I don't want that talk to get out, but I think Kelly's email below is very interesting about MNPS' apparent approach given my email a few minutes ago to the Board re: special education.

I've talked to Doug Renfro in Metro. For the time being, they are shutting it down because of the lack of internet access and SPED, but I can ask him. ☺

FYI, suggestion if there's a multiple district conference call.

It might be a good idea for us to offer to record the call to share with the other districts, or include people we know from MNPS and Wilson Co. on the invite. I sense they want to be efficient about this knowledge-sharing.

Will do.

Aaron,  
I am jumping on a call now with Google. I will send you a separate email to discuss best times.

Thanks,  
Kelly

Aaron and Nancy, thanks for reaching out to me. Last night, Kelly Wade, our Instructional Technology Director, added much of our leadership group to our Zoom license. I've added her, Assistant Superintendent David Allen, and Tim McNeese, our Technology Director, to this email.

Kelly, can you set up a call with Aaron to let him know where we are with Zoom and see what help we can use from this great offer?

Probably best we setup a Zoom call to discuss. Let me know a good time, and I will send out an invite and move things around.

Aaron

Lawrence, thanks for looping me in here—very timely.

I've copied in Jason Golden, Williamson County Schools Director of Schools (WCS).

Dr. Donna Wright, Director of Wilson County Schools, and Jason used to work together closely when Donna was our High School leader at WCS. Jason is interested in having a conversation with someone at Deloitte as WCS is also implementing Zoom. We want to make sure that we do not reinvent the wheel in this effort since time is of the essence.

Who could Jason reach out to for an initial conversation? Greatly appreciate any help here.

Thanks,  
Nancy Garrett  
(Williamson County School Board Vice-Chair)

Aaron mentioned earlier today that he is helping Wilson County with some solutions for Remote Learning with respect to the technology capabilities to enhance the infrastructure and network.

John and Nancy, I thought you both might want to know more. Aaron may need some support if this expands to other school districts.

In the event that you don't know the work of Aaron and his team, they are responsible for the accelerated Zoom deployment and are rockstars. 😊
