Good morning,

I am a constituent of Candy Emerson, a parent of past and current WilCo students, and an employee of WilCo schools and I wanted to thank you all for taking on the very difficult job of trying to keep students in this district safe in the midst of such unusual circumstances. I was incredibly tense last night just watching the board meeting from my home; I can only imagine the tension you must have felt being in a room with so many people with differing opinions and having some appear to be on the edge of violent outbursts.

Also watching with me was my 14 year old son who is a student at FHS. He learned a lot about decorum, tolerance, and seeing things from other's viewpoints last night. I appreciate how you all modeled that for him. As an empathetic child with [REDACTED], he realizes how important it is to protect himself and others and we both appreciate the decision made last night.
